## Advanced Placement (AP) Tests

John Wood Community College participates in the Advanced Placement (AP) program of the College Entrance Examination Board (CEEB). A student may be awarded advanced placement and college credit on the basis of acceptable scores on the CEEB tests. Credit for corresponding college courses which are most nearly equivalent to the test may be awarded for grades of 3, 4, or 5. The Office of Records and Registration awards appropriate AP credit. There are no charges for tuition or fees for credit awarded for AP courses. The following shows the AP tests, minimum scores, and the corresponding John Wood Community College courses for which credits are granted. Test scores of three or above for any other Advanced Placement exams will be evaluated for credit on a case-by-case basis.
